Stimulating imaginations of quilt tricksters everywhere

Quiltrick #27: Are you working on a project which requires hand appliqué or hand piecing? Pack a re-sealable plastic bag with your project, thread, extra needles, and a small pair of scissors so you can work on your project where ever you are. Take it with you when you have to wait at the dentist's or doctor's office, or at your children's activities. You'll be amazed at how much you'll accomplish.

On the road again... If it seems we have been a little quiet lately, it's because we've been out of the studio traveling for a month and a half. The quilt shows have been fun, but it's always nice to sleep in your own bed and read the mail in your favorite chair. My time at home will be short lived, though. I head to Oregon this week for my niece, Anna's, wedding at Silver Falls. (This time I'm just making a few fabric roses...) After that we'll be back in the midwest and on the east coast for the second half of our fall quilt show schedule.

We have some exciting news to share! A new Quiltricks holiday "quiltlet trio" is slated to be in the Dec/Jan 2013 issue of Quilt Magazine this fall. It's called "Twas the Night..." It's scheduled to go on sale October 9, so be sure to watch for it!

It already feels like fall is in the air. Football, apple cider and pumpkins! Time to get out your favorite sweatshirt and jump in the leaves. Or stay in and make our cute little trio, "Magic's Harvest." Happy quilting!
