Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #54: When tracing appliqué patterns for fusible applique, be sure to check if you need to reverse the design before tracing onto fusible web. Especially if you are appliquéing words!

The fall is definitely upon us and now begins the hurry to finish all those holiday projects. For me the hurry is compounded by getting ready to attend Quilt Festival in Houston. This year will be especially important as Houston is recovering from Hurricane Harvey. What a year of natural disasters it has been! I am grateful to have been spared, but continue to pray for those who have not been as fortunate. It's not too late to donate if you can. One place to do so is One America Appeal at <https://www.oneamericaappeal.org/> And join us in Houston at the George R Brown Convention Center. There are no longer any refugees staying there, but there will be lots of quilts and quilting supplies. It will be a great show!
