Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #58 Because of the bag shown below, we are posting this tip to make putting a zipper in so much easier. First, use your walking foot instead of a zipper foot. Move the position of your needle over so that the zipper coil is centered under the foot and the needle will sew along the zipper tape. Sew your fabric and zipper together and you'll have an easy zipper!

I'm probably showing my age, but do you remember the song, "V-A-C-A-T-I-O-N, we're going to have a ball"? It brings back memories of summer: the sand, sun and surf and having so much fun by the water. This year we took our 3 year old granddaughter with us to the beach and learned that she can stay in the water for 5 hours straight. Luckily this also meant that she slept well when we got back to the hotel room! Our "Don't Mesh With Me" beach bag is the perfect accessory to take with you to the beach. It is large enough to hold your towels, and has loads of pockets including one with a zipper to hold things you don't want to lose. And it has mesh on the bottom so any sand that comes into the bag will come out the bottom. Don't leave for vacation without it!
