Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #70: I'm sure it hasn't ever happened to you 😊, but have you ever cut out a piece, just to find you have measured wrong? Try cutting one of the larger pieces first. That way, if you mis-cut, the larger piece can be re-cut into a smaller one to be used elsewhere in your project.

Why is it that when you have less to do, even those things that seem easy don't get done? Well, things are picking up for just about everyone, and that includes Quiltricks. Our schedule is filling up and we are excited to get back on the road. Have you all accomplished lots of quilting during this time "off?" I have to admit that I haven't done much quilting, just a lot of ideas. Hopefully getting busier will get the ball rolling. What gets you motivated? Send us your ideas and we'll publish them in our next Newsletter.
