Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #77: One of the students in my recent applique class shared that Elmers Glue has a special craft glue with a needle applicator which makes tiny dots of glue to glue baste your applique. Such a useful tool!

Paducah is one of our favorite shows of the year and it is coming up next week. This will be our last time at the Paducah Quilt Show, so we are coming with mixed feelings: so thrilled to be back again but a bit sad to have to say goodbye to not only the show, but the many friends we have made along the way.

Yes, it's time to announce that we are retiring from traveling to quilt shows around the country. We are not retiring completely as our website will still be available for any pattern purchases you'd like to make (www.quiltricks.com), on email, and we will still be posting on Facebook as well. Thanks so much to all of you who have supported us for the last nearly 20 years. We are so grateful for all of your kind words and helpful suggestions and look forward to hearing from you online in the future.

Come Visit Us in our last show in Paducah!
